

## How to... Set up your ISAMs Connection.

**NOTES:** Educater has a connection to ISAMs which is used to keep staff and pupil details up to date. Within iSAMS click on Create Batch API Key. This will generate a support ticket with iSAMS who will create a new key on your behalf. This will appear in Manage Batch API Keys.

**To complete the Configuration Wizard, you will require Administrator or Full Access Role.**

Datasets for API Key	
<p><b>&lt;HRManager&gt;</b> Current Staff</p>	<p><b>&lt;Pupil Manager&gt;</b> Current Students Current Students – health Contacts</p>
<p><b>&lt;SchoolManager&gt;</b> School Divisions School Forms School Terms Year Groups</p>	<p><b>&lt;SENManager&gt;</b> Gifted &amp; Talented Registers SEN Register SEN Types</p>
<p><b>&lt;RegistrationManager&gt; (Please note this needs to be on a separate key due to date filters)</b> Registration Codes Registration Present Codes Registration dates and Times Registration Out of School Registration status tick</p>	

1. **Completing your Details Without Authentication Server**

Add your ISAMs Host details and Batch API Key.

Select your MIS from the list below and complete each section.

Isams

**ISAMS**

Attendance Period: 14 days

Host: [text input]
