

How to... Set up your Integris Connection.

NOTES: Educater has a connection to Integris which is used to keep staff and pupil details up to date. You will need to grant access to Educater by logging into Integris and going to Modules>system Management and choose RM Integris Datashare.

To complete the Configuration Wizard, you will require Administrator or Full Access Role.

1.	<p>Completing your Details</p> <p>Add your LEA and DfE number.</p>	
2.	<p>Saving Details</p> <p>Click Save and Continue to continue or Set Up Later. You will have the option to download once you select Save and Continue.</p>	
3.	<p>Completing your Installation</p> <p>If you delayed the Download, you can come back to the wizard and select Start Integris Download.</p>	<div style="background-color: #00b050; color: white; padding: 10px; display: inline-block; border-radius: 5px;">Start RM Integris Download</div>
4.	<p>Next Step</p> <p>Once the download has been completed, return to the Configuration Wizard to complete the setup of your organisation.</p>	<div style="background-color: #4a4a9a; color: white; padding: 5px; display: flex; justify-content: space-around; align-items: center;"> Admin Help Configuration Wizard </div>
